PERMISSION FORM FOR DRIVING LESSONS DURING THE DAY

With so many students busy with jobs and after school activities, we sometimes find it difficult to book all of a student's lessons after school and on weekends. This is especially true for students who live on the outskirts of town.

Lessons are available during the day. Please know that we value your child's education and will do our best to schedule around their classes. In certain situations, allowing for a few lessons during school hours, will allow your child to work through their ten hours with greater ease. If you are comfortable with your son / daughter receiving in-car lessons during the school day, please fill out this form and return it to the in-class or in-car instructor. Also, you will be responsible for notifying the school of their absence on any day that they have a lesson during school hours.
